Dear Dr Patel

Re: Mr Ian Fleming Snr

My record no.:

Thank you for seeing Ian Fleming Snr, age yrs, for an opinion and management. He has had recent surgery for diverticulitis but is still getting alot of pain in the RIF - over the appendice - although he does not have classic symptoms. In addition he has passed bright red blood on 3 occasions in the absence of haemorrhoids. I feel that he needs rpt colonoscopy and would appreciate that this be arranged.

Past History:
None recorded.

Allergies:
None recorded.

Current Medications:

BRUFEN Tablet	400mg	1 t.i.d.
NICOTINE Patch	21mg/24hr	daily
ZYPREXA Tablet	5mg	1 daily

Yours sincerely,

Dr Gramae Pagel
