INCORPORATING - Bundaberg, Gin Gin, Mount Perry and Childers Hospitals and Community Health Services

7 August 2000

Kate Young
Acting/District Manager
Bundaberg Health Service District
PO Box 34
BUNDABERG 4670

Dear Ms Young,

I am writing in reply to your letter of 4 August 2000. There appears to be no move towards reconciliation on the part of Queensland Health and I am seriously considering rendering my resignation. However in the event of me resigning could you let me know my status in:

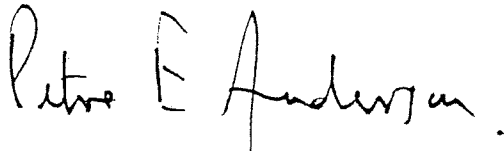

1. Applying for any future VMO position
2. Attending education sessions at the Bundaberg Base Hospital
3. Treating intermediate patients at the Bundaberg Base Hospital
4. Participating in the after hours call roster, if required

If I tender my resignation would it take effect immediately or would you accept three (3) months notice?

If I decide to proceed to an investigation, could you give me details of the "investigating team, make-up and status and in the event that I am found guilty of any of the accusations, the likely disciplinary action that you would initiate against me.

I have enclosed documents proving that I bought the Rochard's Retractor and would ask that it be returned to me. I should clarify that I purchased the frame, the adjustable hook and the small retractor blade, and these belong to me. The medium and large retractor blades were later bought with Option B funds and are the property of the Bundaberg Base Hospital.

Yours sincerely

Dr Pitre Anderson
