***1050599 CHIMUNDA, TIMOTHY – MB CHB ZIMBABWE 2003, ZIMBABWE**

To fill an area of need as a Junior House Officer at Nambour General Hospital or any other public hospital authorized by the Medical Superintendent on a temporary basis from 25 January 2005 to 15 January 2006.

Dr Chimunda is unable to provide a Certificate of Good Standing (COG) from the Medical and Dental Practitioners Council of Zimbabwe (the Council) as a matter of its policy. It is the Council's policy that a COG will NOT be issued for those doctors who did not complete first and second year rotations. First year means Junior Resident Medical Officer (JRMO) and second year is Senior Resident Medical Officer (SRMO).

Documentation received from the University of Zimbabwe confirming Dr Chimunda has successfully completed his internship from 1 August 2003 to 31 July 2004 in Surgery and Medicine as a JRMO. He is currently registered with the Council as a JRMO and is required by the Council to proceed with his registration as a SRMO.

Attached ("A") is relevant information regarding this matter.

RECOMMEND that the matter be discussed at the Board's meeting on 22 February 2005.

1032981 MUELLER-ABT, PETER ROLF – STATE EXAM MED TUBINGEN 1988

Dr Mueller-Abt held special purpose registration under section 132 to undertake postgraduate training which was due to expire on 18 January 2005.

In November 2004 Dr Mueller-Abt submitted an application for special purpose registration under section 135 & 143A as a deemed specialist in Radiology. This application was held pending receipt of letter of support from the Royal Australian and New Zealand College of Radiologists (RANZCR). Support from RANZCR was later received in late January 2005, subsequently on 8 February 2005 Dr Mueller-Abt was granted registration under section 135 & 143A as a deemed specialist.

As a result of the above process, a renewal notice was not forwarded to Dr Mueller-Abt to enable him to renew his registration under section 132, hence it would appear that Dr Mueller-Abt was not registered for the period from 19/1/05 – 7/2/05.

RECOMMEND that Dr Mueller-Abt's special purpose registration under section 132 to undertake postgraduate training be continued from 19 January 2005 to 7 February 2005.
