ORTHOPAEDIC SURGICAL SERVICES
DR KRISHNA SCOPE OF SERVICE

ORTHOPAEDIC TRAUMA

	OPERATION	PERFORM INDEPENDENTLY	PERFORM WITH SUPERVISION
Upper Limb Fractures / Dislocations			
Closed Fracture / Dislocations	Closed Reduction	✓	
Compound Fracture / Dislocations	Compound Scrub	✓ x complexity →	
Fracture Clavicle	ORIF	✓	
ACJ Dislocation	ORIF	✓	
Sterno Clavicular Dislocation	ORIF		✓
Fracture Proximal Humerus	ORIF	✓	
Fracture Shaft Humerus	ORIF with Plate & Screws	✓	
Fracture Shaft Humerus	ORIF with Intramedullary Nailing anterograde / retrograde		✓
Compound Fracture	Compound Scrub / External Fixateur	✓ x complexity →	
Fractures Around Elbow			
Medical Epicondyle	ORIF	✓ x age →	
Lateral Condyle	ORIF	✓ x age →	
Radius Head	ORIF / Excision	✓	
Supracondylar	Percutaneous K wires	✓	
Complex Supracondylar	ORIF		✓
Compound Fracture	Compound Scrub / External Fixateur		✓
Forearm Fractures			
Ulna / Radius / Ulna & Radius	ORIF	✓	
Colles Fracture / Distal Radius Fracture	Percutaneous K Wire	✓ x age	
Colles Fracture / Distal Radius Fracture	External Fixateur	✓	
Compound Fractures	Compound Scrub / External Fixateur	✓ x age	
Wrist Fractures / Dislocations			
Lunate / Peri lunate Fracture Dislocation	Closed Reduction Percutaneous K Wires	✓	
Lunate / Peri lunate Fracture Dislocation	ORIF	✓	
Scaphoid	ORIF Bone Graft	✓	

	OPERATION	PERFORM INDEPENDENTLY	PERFORM WITH SUPERVISION
Hand Fractures / Dislocations			
Metacarpals	ORIF	✓	
Phalanges	ORIF	✓	
Pelvis			
Pelvic Ring Disruptions	ORIF		✓
Acetabulum Fracture Simple	ORIF	✓	RIDICULOUS
Acetabulum Fracture Complex	ORIF		✓
Pelvic Ring Disruptions	External Fixateur	✓	POSSIBLE IN EMERGENCY
Lower Limb Fractures / Dislocations			
Closed Fracture / Dislocation	Closed Reduction	✓	DEPENDS WHERE
Compound Fracture / Dislocation	Compound Scrub	✓	DEPENDS WHERE
Sub capital Fracture of Femur	Cannulated Hip Screws	✓	
Sub capital Fracture of Femur	Monopolar / Monoblock Hemi Arthroplasty Austin Moore / Thompson's	✓	→ Doubtful
Sub capital Fracture of Femur	Monopolar Modular		✓
Sub capital Fracture of Femur	Bipolar Modular		✓
Intertrochanteric / Per trochanteric / High Subtrochanteric Fracture	DHS	✓	Possible after training
Femoral Shaft Fracture Simple	Locked Intramedullary Nailing Anterograde / Retrograde	✓	
Femoral Shaft Fracture Complex	Locked Intramedullary Nailing Anterograde / Retrograde		✓
Supracondylar Intercondylar Fracture Simple	Locked Intramedullary Nailing DCS	✓	
Compound Fractures	Compound Scrub	✓	SIMPLE ONLY
Supracondylar / Intercondylar Fracture Complex	Locked Intramedullary Nailing DCS		✓
Compound Femoral Fracture	External Fixateur	✓	POSSIBLE IN EMERGENCY
Tibial Plateau Fracture Simple	ORIF / Bone Graft	✓	NEVER

OPERATION		PERFORM INDEPENDENTLY	PERFORM WITH SUPERVISION
Tibial Plateau Fracture Complex	ORIF / Bone Graft		✓
Tibial Shaft Fracture Simple	Locked Intramedullary Nail	✓ POSSIBLE AFTER TRAINING	
Tibial Shaft Fracture Complex	Locked Intramedullary Nail		✓
Distil Tibial Fracture Simple	ORIF Periarticular Plate	✓	
Distil Tibial Fracture Complex	ORIF Periarticular Plate Bone Graft External Fixateur		✓
Compound Tibial Shaft Fracture	External Fixateur		✓
Ankle Fracture <i>SIMPLE</i>	ORIF	✓ POSSIBLE AFTER TRAINING	
Talus Fracture / Dislocation	ORIF		✓
Calcaneus Fracture	ORIF		✓
Midtarsal Fracture / Dislocation	ORIF	✓	
Metatarsal / Phalangeal Fracture	ORIF	✓	
Hand / Foot Surgery			
Severed Extensor Tendon	Primary Repair	✓ foot	hand
Severed Flexor Tendon	Primary Repair	✓ foot	hand
Severed Digital Nerve	Primary Repair using Microscope	?? ✓ foot	hand
Severed Major Nerve Ulnar, Median, Radial etc	Primary repair using Microscope		✓

SMO has adequate knowledge of trauma treatment systems (Mathys / Synthes, Smith and Nephew, Zimmer, Surgical House, Link Orthopaedics etc) available at Hervey Bay / Maryborough Hospitals, and has attended the regular in-service and trauma update workshops arranged with the above companies.
