Hi Justin, Re advice sought on the Measured Quality reports.

Dr Scott has requested that I advise you to proceed on the basis that the report goes to Cabinet and Minister/DG are briefed.

Before then, individual reports are to go to Districts using the process discussed, with a request that they identify their key issues and advise you and Dr Scott of what they are.

If you need further clarification please do not hesitate to call Dr Scott on 0411 478 453 (as he is in Townsville for the next two days). I have cc. this email to Glenn Cuffe for his information.

Thanks Cheryl.

1) REPORTS TO GO TO DISTRICT + CONFIRM MAKES SENSE
2) ZONES + DISTRICTS + WHAT ARE THE KEY ISSUES + POTENTIAL GAININGS

(HEALTH REPORTS)
CABINET
LATER: DISTRICT STARTING
CABINET AS A ZONAL

WATER MANAGEMENT @ 2000 - RISK FACTORS
HIGH RISK
