Dear Mr Leck,

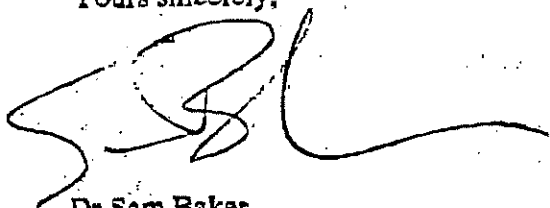

I am writing to you to confirm and expand on our discussions from Friday 3<sup>rd</sup> May. As discussed the opportunity has arisen for me to now provide a private surgical service for the Bundaberg community.

To maintain my public surgical service I would ideally like to go 0.5 part-time Staff Specialist / Acting Director of Surgery from the 30<sup>th</sup> June 2002. Alternatively I would be happy to do four VMO sessions per week (one OPD, two OT, & one endoscopy). Both these options would include participation in the after hours on-call roster.

Due to time constraints it is necessary for me to now tender my resignation pending the possibility of my request being declined. I hereby give three months notice from this date.

Hopefully a mutually agreeable arrangement will be reached that benefits the Bundaberg community's surgical services.

Yours sincerely,

Dr Sam Baker  
Acting Director of Surgery
