Details of Complaint (attach additional information if necessary):

To Whom it may concern,

I'm writing this letter to complain about Dr Qureshi on the 18.10.03 Dr Qureshi came to examine my leg after doing this he started rubbing my inner thigh down to my knee in a way that made me feel very <sup>uneasy</sup> as I put my legs back under the blankets he asked to listen to my chest I lifted my top to just under my breast he listened for a few minutes and then he pulled my top above my breasts and started moving the left one in every direction he could. I've never had a Doctor do this to me before he was a little too touchy - feely for my liking.

Thank you
